

EDGE MSCA-COFUND Programme Call 1 - Flash information on the overall results – 6th April 2017

Call Published	01 Sept 2016
Deadline	15 Dec 2016
Recruitment reference date	01 April 2017

Theme:	Advanced Materials and BioEngineering	
Number of proposals submitted:		42
Number of ineligible / inadmissible submissions:		3
Remote review phase	Number of submissions receiving an evaluation score above the threshold:	32
Interview phase	Number of submissions receiving an evaluation score above the threshold:	14

Theme:	Digital Content and Information Technology	
Number of proposals submitted:		39
Number of ineligible / inadmissible submissions:		2
Remote review phase	Number of submissions receiving an evaluation score above the threshold:	25
Interview phase	Number of proposals receiving an evaluation score above the threshold:	13

Theme:	Future Networks and Communications	
Number of proposals submitted:		44
Number of ineligible / inadmissible submissions:		3
Remote review phase	Number of submissions receiving an evaluation score above the threshold:	27
Interview phase	Number of submissions receiving an evaluation score above the threshold:	16

Theme:	All themes	
Number of proposals submitted:		125
Number of ineligible / inadmissible submissions:		7
Remote review phase	Number of submissions receiving an evaluation score above the threshold:	84
Interview phase	Number of submissions receiving an evaluation score above the threshold:	43

Applicants were recently informed about the evaluation results for their proposals. The information above is correct as of the recruitment reference date.

The number of proposals that will ultimately be funded depends on the available budget for each research theme, and the formal process of employment by the host institute.

It is expected that the first fellowships will begin in May 2017.

Information on the selected projects will be published on the programme website, www.edge-research.eu after that date.

In case of questions, please contact edge@tcd.ie

EDGE MSCA-COFUND Programme Call 1 - Flash information on the overall results

Eligible submissions by gender

■ Male ■ Female

Eligible submissions by experience level

■ Level 1 ■ Level 2 ■ Level 3

Submissions sent from 40 different countries
